## 1.0 Login, Menu and Sync

### 1.1 Login

Upon opening the App, the user needs to test the connection with Business central.

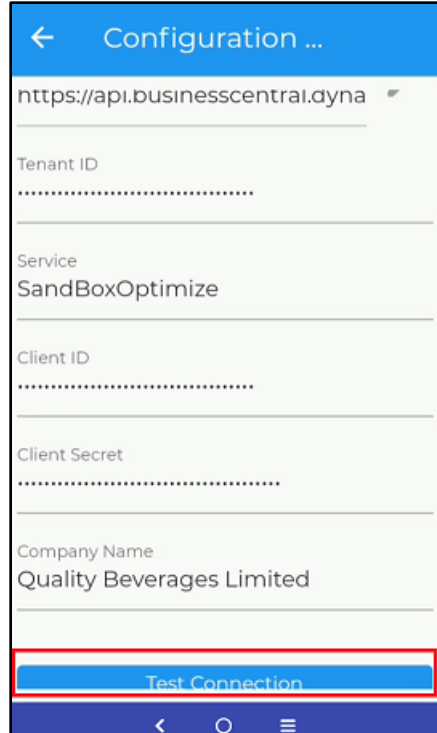

On the Login page, click on configuration,

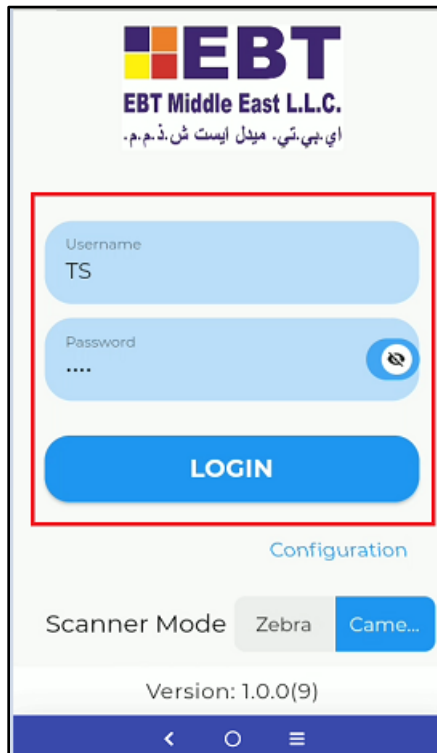

**Scanner mode:** Select the type of scanner needs to be used with the App, where camera is the device's camera and zebra is the external device attached.

To manually edit/select the item without scanner, set "Allow Manual Text Editing" as True.

**Configuration:** In the configuration manager screen, enter the required details and click on Test connection.

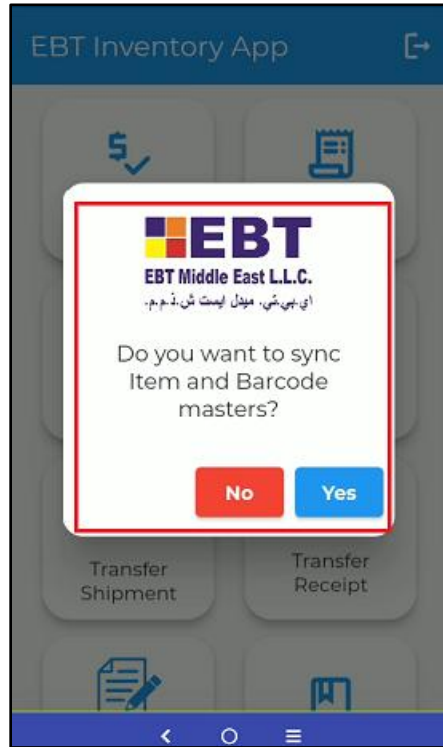

**Login:** Once connection is tested successfully, enter the “**Username**” and “**Password**” and then click “**LOGIN**”.

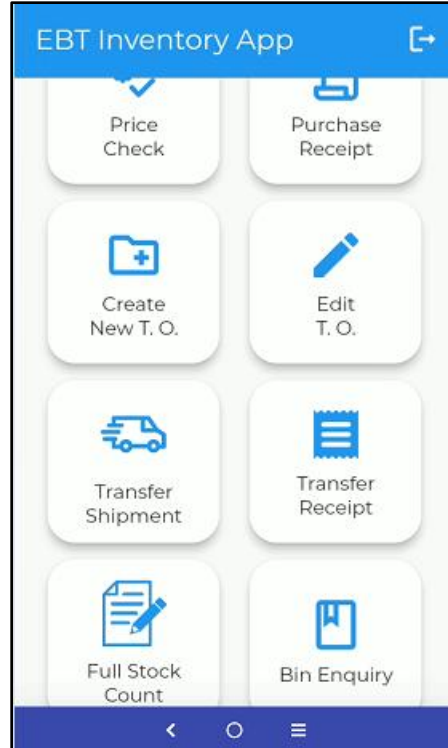

### 1.2 Sync

Upon logging in the App will ask the user to sync the masters. Users need to download/Sync the Updated data from Business central before they start their daily activity with Handheld terminal.

### 1.3 Menu

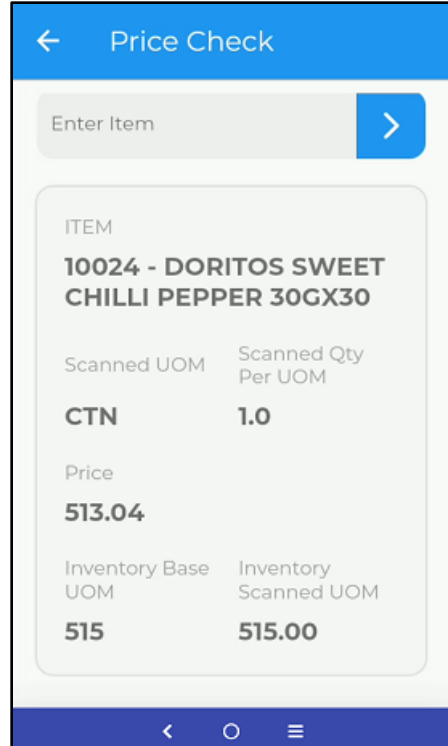

Upon login, the user can see the below menu options which have all the modules.

## 2.0 Menu in Details

### 2.1 Price Check

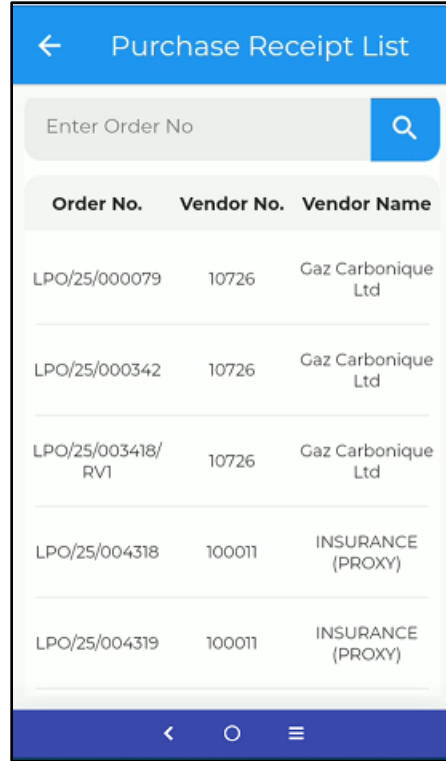

Price check is a place where user can check the Product information on HHT like below image where you can find product description along with Unit of Measure, Inventory, Qty on order, price, and warehouse inventory along with the Lot details.

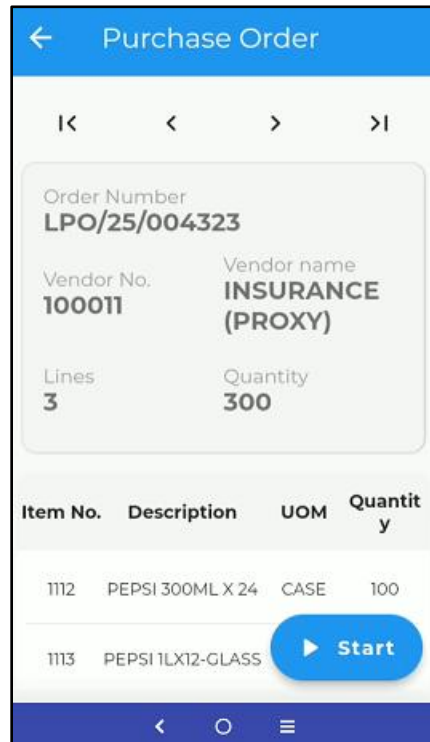

Enter the item no. or scan the barcode using the scanner to get the product information. The user can either check inventories for all the locations or the location assigned to his credentials.

## 2.2 Purchase Receipt

For Purchase Receiving users must select this Option from menu. The user can only see the Purchase receipt created where he can receive the quantity.

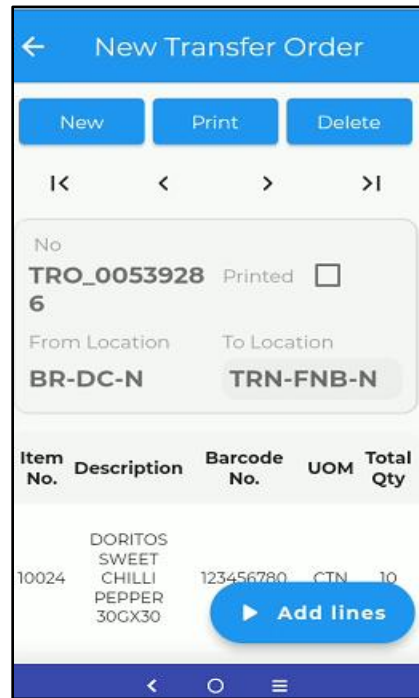

Select the receipt to be modified and click on start. Below screen will appear.

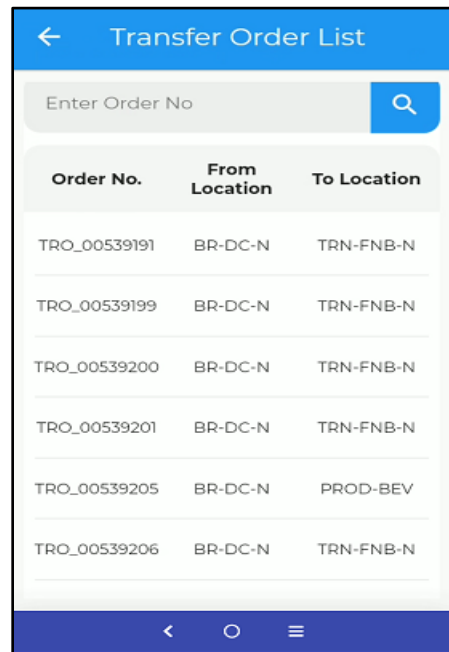

### 2.3 Transfer Order

User can create Transfer Order from the Transfer Order Menu.

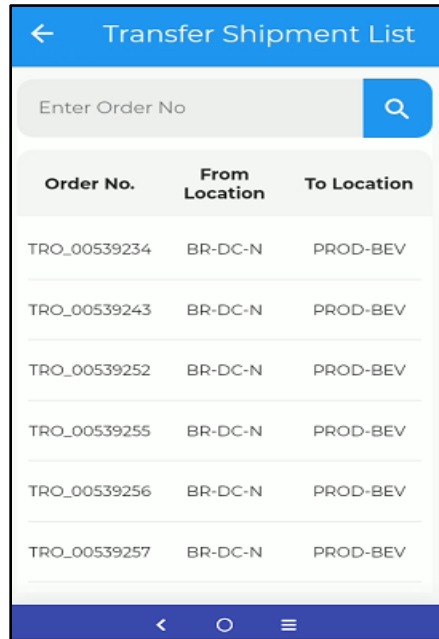

### 2.4 Edit T.O.

User can edit the existing Transfer Orders from Edit T.O. menu.

## 2.5 Transfer Shipments

Users can track the transfer shipments from one location to another.

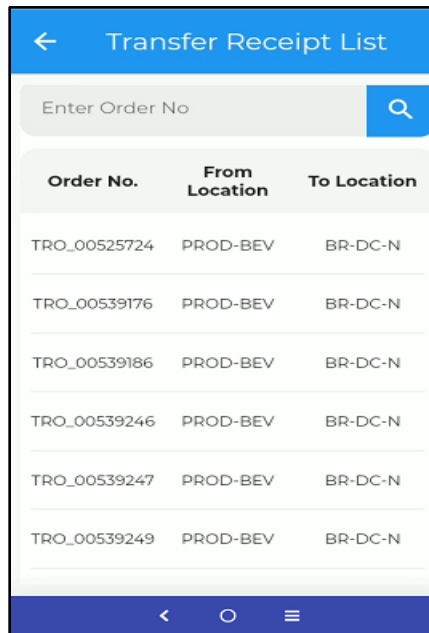

The screenshot shows a mobile application interface for 'Transfer Shipment List'. At the top, there is a blue header with a back arrow and the title 'Transfer Shipment List'. Below the header is a search bar with the placeholder text 'Enter Order No' and a magnifying glass icon. The main content is a table with three columns: 'Order No.', 'From Location', and 'To Location'. The table contains seven rows of data. At the bottom, there is a blue navigation bar with a back arrow, a home circle, and a menu icon.

Order No.	From Location	To Location
